AVT 415-001 **/ 420**-001 **/ 619**-001   **Fall 2020**

Assignment 1: HTML Check

For our first assignment we'll revisit the fundamentals of HTML5 and the basics of uploading web files to a server so that they can be viewed online in a web browser. This assignment is based on materials available on the Mozilla Developer Network, an outstanding resource for learning the fundamentals of front-end web design and development.
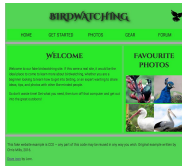

20 points

Due: Upload link to your assignment on your webserver by beginning of class **Monday, October 5**
